

# SKY COLOR

---

**Materials:** Chromebook or Computer, pencil, paper, coloring supplies (any)

**Directions:**

1. Watch the read aloud video of the book: [Sky Color by Peter Reynolds](#)
2. Draw a Horizon Line in the center of your paper to separate the land/water from the sky.

3. Create a picture with a BEAUTIFUL SKY!
4. The bottom can be anything you want- Land, Road, Water, Field, Flowers
5. Follow this link for some more information about a Horizon Line: [Watch Horizon Line Video](#) (You do NOT have to draw a winter Scene) This was just a good video that describes a Horizon Line
6. Follow this link to watch how to BLEND crayons to make a sunset! [How to Blend Crayons](#)
7. Check out the next few pictures for SKY inspiration!

AS ALWAYS: Send your picture to me at [mlarson@emsd63.org](mailto:mlarson@emsd63.org)! Or upload it directly to the [Padlet Display](#)

I can't wait to see what you make

## Project Examples
