Online fun art quizzes and games

4th grade E-Learning (estimated time: 1/2+ hour)

Materials: Chromebook or Laptop

Your first e-learning lesson on Illuminated Letters was a project that we would have completed in school. It should have taken a few hours to complete. This week, I decided to give you something fun to do. There is no art making unless you choose to make something yourself. The Tate is an online art education site with videos, articles, games, and even quizzes. Let's take some fun art quizzes. Let me know what responses you get from them!

Examples of quizzes:

WHICH ART SUPERHERO ARE YOU?

WHICH ARTIST SHOULD DESIGN YOUR
BEDROOM?
